Peiman Asgari

Psychologist, designer, web & mobile developer

+98 901 145 8508 peimanasgari@gmail.com pnnph.github.io Tehran, Iran

EXPERIENCE

Founder and lead developer

Delphi Digital delphidigitalis.com Tehran 2026 – present

The Delphi psychology clinic's digital arm: mental health apps.

- **Bamboo** — a Persian life-skills and coping app on bamboo.delphidigitalis.com and Cafe Bazaar, with a free offline safety layer. Encrypted on the device; clinical reviewer for its content.

Independent designer and developer

Freelance Tehran 2023 – present

Front-end, back-end, digital design, brand identity and product design.

- **Maqzino** — an interactive 3D atlas of the human brain for Android, designed and built end to end: 21 regions and 38 tappable structures, every region explained from four scientific angles, Persian and English with full right-to-left support, entirely offline and ad-free. On Cafe Bazaar, Myket and the web.
- Brand identity, logo and interface design for independent projects.

Trauma therapist — under supervision

Clinical practice Tehran 2026 – present

Working with trauma, drawing on narrative practice and art therapy.

Head of digital and sales

Karoon Madan Isfahan, Tehran 2016 – 2023

Started as web designer, building the company website in Isfahan; from 2018 in the Tehran office, responsible for the company's digital presence and sales channels.

Design manager

Bazargani Printing & Publishing Mashhad 2012 – 2016

Led graphic design and print preparation.

Front-end designer and developer

National Culture Network, Yazd Province Yazd 2010

First professional role; web interface design and implementation.

COURSES

Trauma therapy	2022 – present
Transactional analysis	2023 – 2026
Narrative therapy	2023 – 2024
Abstract painting	2024 – 2025
Advanced web development	2020 – 2023
Android development	2022
Advanced digital design	2019

IN PROGRESS

A book — **the effect of art therapy on trauma through narrative practice** — and a series of articles on the same subject.

SUMMARY

Designer and developer since 2010, and a psychologist in training. Fifteen years across front-end, back-end, brand and product design — the last five heading digital and sales for a mining company. Now I build what I design: **Maqzino**, and **Delphi Digital**, which I founded. Alongside it I practise as a trauma therapist under supervision, and I am writing a book on art therapy for trauma through narrative practice.

EDUCATION

PhD, Psychology (in progress)

Islamic Azad University, Tehran North

2021 – present

MA, Counselling

Islamic Azad University, Tehran North

2021 – present
